HYMNS FOR MULTIPLE INSTRUMENTS

Published in mid-sized (8-1/2 x 7) format, *Hymns for Multiple Instruments* are constructed in three stave systems to make available *melody, harmony, obligato, and countermelody lines*. These arrangements of well-known hymns are designed to be used for church, school or individual performances indoors or out and can be adapted for band, orchestra, woodwind, choir, brass choir, or string ensemble. As few as three parts will make a viable trio, and trios will sound complete with the melody, obligato, and countermelody with, or without, keyboard instruments.

HOW TO USE THIS BOOKLET SERIES OF

Hymns for Multiple Instruments by George E. Strombeck

Each instrumental book contains three staves, including: (1) melody, (2) a harmony part appropriate to the range of the instrument, and (3) an obligato for *upper-voiced instruments* or counterline for *lower-voiced instruments*. The melody, alto, tenor, or bass lines are graded at the level 1.5, while the obligato and countermelody parts are graded between 2.0 and 2.5, intended for the advanced instrumentalist. Both obligato or counter-lines are completely optional. Part distribution options for each instrument can be found listed on the inside front cover. The individual books will NOT work as a trio, even with keyboard *except the trumpet book*.

A medley can be formed by using the two hymns on the open facing pages, playing the hymn on the left page using the first ending only, then going directly to the other hymn on the right-hand page. Other possibilities might include using only brass, woodwinds, or strings on repeated verses. Or, try having all low voice instruments on melody, with everyone else on the alto line, or obligato part. Use your own creative instincts to develop other possibilities! May the use of these arrangements bring joy to our Lord, as you worship Him with instrumental music!

The selections in HMI#2 are sequenced in the order of the Christmas story. The **Narration Book (#13)** allows groups to create an instrumental (or with vocal) *cantata* with the supplied narration in this book. Three versions are included: 1) a *short* version using four songs; 2) a *medium* version using eight songs; and 3) a *long* version using all twelve songs.

HYMNSEMBLES

For a long time there has been a need for playable, creative hymn arrangements designed for incomplete or non-traditional instrumental ensembles. Most churches and school music directors never see a balanced, complete instrumentation for their church or school ensembles and are forced to use arrangements intended for complete or even symphonic sets of parts. On the other extreme, the basic four-part blocked chord hymn orchestrations may be used. (David E. Smith Publications offers both of these types of arrangements, also). Hymnsembles by Harold E. Burgmayer & Dana F. Everson bridges the gap between the specialized arrangements for specialized instrumentation and the basic four-part writing...

Hymnsembles are designed to serve large ensembles with non-traditional, or incomplete, instrumentation. Each selection is a compact but complete arrangement featuring: introduction, well-known melody, contrapuntal interest, textural variety, harmonic freshness and/or modulations, expressive contrast, and a satisfying ending. Groups with limited instrumentation may use the *cues and/or switch parts* (see below) to balance and customize the arrangement as needed. This allows for creative fashioning for each performance. The conductor score is a reduction of all the instrumental parts while the keyboard may play either the piano fill or duplicate/support the instrumental parts. Hymnsembles work well for preludes, postludes, offertories, specials, holidays, sight-reading, concert pieces, weddings, dedications and other events...

Hymnsembles are unique in design and intent...

The harmonies include an occasional chromatic treatment setting it apart from many traditional young band arrangements. Rhythm includes half, quarter and occasional eighth notes.

181909.1	Score- David And Goliath			4.00

	A programmatic piece those young bands will enjoy. The percussion section opens this work with a ringing introduction that gives way to the low brass and woodwinds and eventually the rest of the band. The opening slow section builds with intensity and finally pauses before the percussion section begins the Allegro tempo which drives to a rousing climax. The piece then quickly relaxes just before a short, fast ending. A descriptive piece where you can feel the battle engaged; the stone making its mark; and David is the victor!

This work features a snare drum solo and is scored for various sections of the band to play the melody at one time or another. It begins in the concert key of Eb and then changes to Ab and ends in F. It is very playable with some repetitious syncopated rhythms and a simple melody that will help build your faith.

Guidelines for Band Literature

- Band sets come with a score and full set of parts. (stock number-xxxxxx.)
Separate scores which may be obtained for study or adjudication scores- (stock number- xxxxxx.1)
- Parts are available for added instrumentation, or lost parts- (stock number-xxxxxx.5.)
- The parameters of level 1 and 1-1/2 pieces are like the Young Soloist Series on page 34. And, levels 1, 1-1/2 and 2 will likely have a bass line that is doubled in the low brass and woodwinds.
- What's the difference between a Concert Band level 3 and an Advanced Band level 3? The Advanced Band arrangements will tend to be more complex in harmonies, rhythms and counterpoint and more open in scoring. But, the technical implications are much the same level.

Stockton Music Services

These are instrumental accompaniments to "Majesty Hymns", "Songs & Hymns Of Revival" and "Living Hymns" hymnbooks with a series of books accessible for the limited player with the primary focus of having high readability. Each book consists of a two-line system, the melody for an instrument and an appropriate harmony part. With a minimum of four players, a complete harmony may be provided. One player is all that is needed to start an accompaniment group.

Advantages...

- High readability: Large print and page size; One note per line; Two staves per system; Bright Paper for high contrast.
- Usable layout: Page turns during songs avoided; Binding lies flat.
- Flexible instrumentation: The five major instruments have the melody and appropriate harmony part transposed as needed.
- Three auxiliary books provide the extra harmonies needed to complete an SATB accompaniment.
A tenor and bass treble clef Bb book is provided so that low wind treble clef players may provide the needed voices for a balanced group.
- Each book has a transposition not available in the hymnal.
